Meeting Topic: **JETS A-3 - Leveraging Artificial Intelligence (AI) for Enhanced Construction Management at NAVFAC SE**

Instructor / Presenter: **Alan Hall | ASR International Corporation**

Description: **In an era of fiscal constraints and mission imperatives, NAVFAC SE must optimize construction management to deliver warfighter-supporting infrastructure efficiently. This presentation advances a `More with Less` framework by integrating current DoD approved AI applications, such as the Department of the Air Force's NIPRGT, and exploring future tools like Microsoft 365 Copilot and Azure OpenAI.**

In recognition of having completed 1.0 Professional Development Hours of relevant instruction or presentation during a Jacksonville Post SAME meeting. (Provider: 0003880)
