Meeting Topic: **JETS A-5 - Better, Faster, Cheaper Civil Works? A Section 203 A Case Study Sharing Real World Pros and Cons**

Instructor / Presenter: **Clayton Henderson, MBA | TGS and CPNID; Lena DeSantis | Anchor QEA**

Description: **The Cedar Port Navigation and Improvement District (CPNID) prepared a feasibility study to develop a new deep-draft federal navigation channel to connect the Houston Ship Channel (HSC) to Cedar Port Industrial Park in Baytown, TX. This presentation reviews our experience working under Section 203, what worked well and where communications could be improved.**

In recognition of having completed 1.0 Professional Development Hours of relevant instruction or presentation during a Jacksonville Post SAME meeting. (Provider: 0003880)

Thomas M. Bestafka, P.E.

Society of American Military Engineers, Jacksonville
