Meeting Topic: **JETS B-4 - Indian Lake Dam Rehabilitation - Strengthening for Post-Tension Anchoring Aged Concrete and Stone Masonry**

Instructor / Presenter: **Greg Johnson, PE, PMP | Colliers Engineering and Design a partner of the KHB JV**

Description: **Indian Lake Dam is a high hazard structure originally built in 1898 located in the Adirondack Mountains of NY. Major challenges included existing leakage through the dam that complicated consolidation grouting for leakage control and installation of post-tensioned anchors for stability.**

In recognition of having completed 1.0 Professional Development Hours of relevant instruction or presentation during a Jacksonville Post SAME meeting. (Provider: 0003880)

Thomas M. Bestafka, P.E.

Society of American Military Engineers, Jacksonville
