Meeting Topic: **JETS C-5 - Alternative Construction Methods: From Concept to Reality**

Instructor / Presenter: **Kurt Wittman, PE | NAVFAC SE**

Description: **Continuous innovation is the engine that enables us to construct new facilities more quickly, efficiently, and economically than was possible in the past. Given the current environment, there is an urgent demand for new facilities which can be constructed quickly and economically, and Alternate Construction Methods (ACM) are being leveraged as a means to accomplish these goals.**

In recognition of having completed 1.0 Professional Development Hours of relevant instruction or presentation during a Jacksonville Post SAME meeting. (Provider: 0003880)
