EngAffect Jacksonville Post

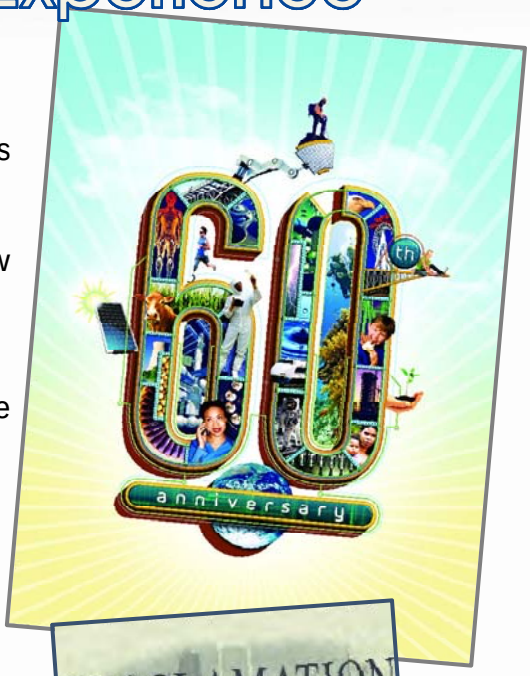

Affecting the Future through Engineering Partnerships

Jax Post Promotes National Engineers Week Experience

This year marks the 60th anniversary of formally enlightening the public while celebrating the achievements of engineers through National Engineers Week. Then, in1988, the National Engineers Week consortium expanded its scope which now includes more than 100 engineering, scientific, and educational societies and major corporations dedicated to enhancing the public understanding of the engineering profession and to promoting precollege interest in math, science, and engineering as a career option. And through it all, the SAME and Jacksonville Post has played a role in promoting engineering, math and the sciences.

One of the most significant ways the Jacksonville Post promotes the future of engineering is through the scholarships awarded during the Engineers Week Kick Off Luncheon, sponsoring the U.S. Army Corps of Engineer's Career Day and volunteering with various youth events such as Introduce a Girl to Engineering Day at University of North Florida, and the Engineering Merit Badge event for the Boy Scouts. Of course, the Post's mainstay is the annual Scholarship Golf Tournament with funds raised going to help engineering students.

The Jacksonville Post is proud to partner with other engineering societies to support Engineers Week while showing the importance of our profession and how it enhances the way in which we all live.

PROCLAMATION

NATIONAL ENGINEERS WEEK

CITY OF JACKSONVILLE, FLORIDA

February Opportunity

Network with SAME, ASCE and FES!

DATE: Tuesday, **February 22**, 2011

LOCATION: Ramada Inn- Mandarin
1-295 & State Road 13
3130 Hartley Road

AGENDA: 11:30 -- 12:00 noon
Registration and Social Time

12:00 -- 12:30 p.m.
Lunch and Announcements

12:30 -- 1:15 p.m.
Speaker

SPEAKER: LCDR Dan Stoddard, PE, CEC, USN, NAVFAC Southeast, Assistant Operations Officer & IPT Leader at NAVFAC SE

COST: $17.00 ($20.00 w/o reservation)

MENU:
Salisbury Steak w/Mushroom Gravy
Green Beans Almandine - Mashed Potatoes
Apple Pie - Tossed Salad, Rolls & Butter
Coffee and tea

RESERVATIONS: Contact **Ron Hilton** at rhilton40@att.net by 12 noon, Thursday, **February 17, 2011**. Checks made payable to "SAME" will be collected at the registration table. Reservations must be guaranteed, "no shows" will be billed for the cost. Also, all persons **without reservations** will be charged **$20**.

SAME will be offering **0.5 PDH** credit for the luncheon. If you want to receive Florida PDH credit for the luncheon, please sign in at the registration table. On the sign in sheet, please print your name as it appears on your Florida license and your Florida PE license number. The information from the sign in sheet will be reported to the Florida Board of Professional Engineers within 5 days after the luncheon. We will also have PDH credit sheets for other states available.

LCDR Dan Stoddard
Civil Engineer Corps, U.S. Navy
AOPS, IPT South Central
NAVFAC Southeast
speaks about
Engineers in a Contingency Environment—Highlighting recent contributions and accomplishments of NAVFAC SE Military and Civilian Engineers while deployed to Afghanistan and Iraq.

Student Thanks Jax Post for Air Force Engineering Camp Experience

Editor's Note: Sam Buchwalter, now a senior at Bolles School, attended the U.S. Air Force Engineering and Construction Camp from 25 June to 1 July in Colorado Springs. Mr. Buchwalter was sponsored by SAME member Colonel Jere Cook USAF (ret).

The SAME construction and engineering camp at the Air Force Academy in Colorado presented an amazing summer experience for me. As the first engineering camp that I have ever attended, it gave me a wonderful first impression. The contributions of the cadets, mentors, and volunteers at the camp created the perfect environment for campers to experience a blend of competition and teamwork. Each flight, Alpha through Foxtrot, battled against each other in a series of challenges that tested the ingenuity and teamwork abilities of the squads. Even in the midst of competition the campers showed character that I have not seen anywhere else. The campers proved to be great people and I found a group of friends that I keep in touch with now.

The camp presented a multitude of diverse challenges for the squads. All the competitions built on the camp's principle of "build then design." The challenges ranged from the classic egg drop, pumping water from home-made wind turbines, to water balloon catapults. My favorite event involved a pond, plywood, and a couple of water coolers. Our mission informed us that we must move our entire flight across the pond within the time limit with just the supplies given. In the end, we failed. Two of our members crossed to safety while the rest of our team "drowned." We still managed to tie for the most members across the lake even with a make-shift raft that sunk after three people. The event managed to get laughs out of everyone, even the counselor who watched our debacle.

The other extremely fun event was the water balloon launcher. The cadets instructed us to build a high velocity, high power water balloon launcher. We achieved our goal of winning the competition by constructing a large v-shaped launcher with a plank tangent to the bottom of the V for stability. We launched our water balloons the farthest by pulling an elastic band, with a towel for the water balloon pouch, back to a forty-five degree angle to get maximum height and distance. Our launcher was so successful that the cadets will be using our design for their example next year.

The camp provided a great experience for me. I thank the Jacksonville SAME post for affording me this opportunity that opened my eyes to the fascinating world of engineering. Any high school student interested in engineering should take a long look at this camp. It will give them one of the best experiences of their year.

Sam Buchwalter

What are *you* doing this summer?

Rev up your plans with the SAME Army, Navy or Air Force Engineering and Construction Camp Experience...

and let SAME help foot the bill!

What's Up...

❖At SAME Engineering and Construction Camps, high school students from across the country learn engineering solutions and skills from professional engineers while getting a taste of what it means to work for and with the military services. These exciting week-long camps take place during the summer months in a variety of settings—the colorful Colorado Rockies, the beautiful Southern California Coast, or the historic Mississippi Valley.

❖Student must have expressed an interest in pursuing a degree in engineering, architecture or related field.

❖SAME Jacksonville Post will fund transportation cost and one-half the registration fee (1/2 of $550) for USAF and Navy Camps; Post will fund transportation cost for US Army Camp (student fund $50 registration fee).

How To...

Submit all applications to Jax Post representative:
Laureen Borochaner, P.E.
US Army Corps of Engineers
701 San Marco Blvd.
Jacksonville, FL 32207

(904) 232-1122

Spring 2011 P.E. Exam Review

Brought to you by:

Jacksonville Branch ASCE

florida engineering society
Northeast Florida Chapter

Review Sessions for only $250!!!!

Sessions are scheduled for Monday & Wednesday
February 16th through March 30th
Sessions are from 5:30 p.m. to 8:30 p.m.

Send your check (made out to ASCE) and registration form to:
Robert Jackson
c/o RS&H
10748 Deerwood Park Blvd South
Jacksonville, FL 32256
Purchase orders from local employers also accepted. No credit cards, please

Location
Taylor Engineering, Inc.
10151 Deerwood Park Blvd.
Bldg. 300, Suite 300
Jacksonville, FL 32256

Registration Forms must be received by February 15th*
(Late Registration $275)

Topics:
- Soils & Foundations
- Structures – Steel, concrete, and general
- Water Quality and Distribution
- Wastewater, BOD, & Sewage
- Hydrology, Hydraulics & Open Channel Flow
- Horizontal & Vertical Curves
- Transportation Engineering
- Construction

Questions? Contact Robert Jackson at robert.jackson@rsandh.com

Reference Materials
15% DISCOUNT!!! Available through http://www.ppipartner.com/LS278

* Registration forms only. Checks must be received by 2/15/11. Registration forms may also be emailed to Robert Jackson at the email address listed above. It is taken on good faith that payment will follow if registration form is received via email.

casey.smith1@navy.mil

Seabee Ball Fundraiser: 4 Man Scramble

This year's event will be held **Friday February 18, 2011** at the world class Amelia Island Plantation Ocean Links Golf Course. **Pre-registration is highly recommended** but not required.

Registration begins at 8 am, with shotgun tee-off start at 8:30 am.

The normal cost is $179, for this event it is only **$50**. Proceeds will go to the Seabee Ball Fundraiser Committee. This price includes entry into all events, 18 holes of golf, riding cart, lunch, and various awards. Lunch will begin after the tournament and awards directly after lunch.

Winding along a coastal Atlantic dune ridge, Ocean Link #4, #5, #6, #15 and #16 provide golfers with five oceanfront golf holes. The fairways and greens are parallel to the beach of Amelia Island and meander through a unique coastal maritime hammock. Named by *Golf for Women* as one of the "50 Best Courses for Women", this close proximity to the ocean and the ever-changing sea breeze provide the golfer with exhilarating views and intriguing play. It can be said that this course offers as much a nature tour as a round of golf. The course yardage of 6,300 is somewhat deceiving since small greens, narrow fairways and prevailing winds make the course play much longer. At par 70, this 18-hole combination provides a challenge to golfers of all levels.

Golf attire is required. No steel spikes are allowed on the course.
All participants must be at least 10 years of age.
